

Two Killed, Two Dying, In City Auto Accident

REPUBLIC IS PROCLAIMED IN RHINELAND BY SEPARATIONIST LEADERS

Car Plunges Over Bridge Into Ravine Twenty Feet Below on Connors' Road

Fatal Accident Takes Place at 9:40 Last Night When Party of Five Are on Their Way to Bonnie Doon—One Is Killed Instantly and Another Dies in Ambulance on Way to Hospital

Two men, one man believed fatally injured, one man very seriously hurt, and one suffering from concussion and minor injuries, is the result to date of an auto accident that occurred at 9:40 p.m. Sunday when the auto bearing license number 6182 plunged over the side of the bridge at Mill creek, on Connors' road, and overturned, pinning its occupants beneath.

The Dead

JAMES KANE, address believed to be 9346 95th street, Bonnie Doon, carpenter employed at the C.N.R. shops at Calder.

JOSEPH CHARLES MCGOWAN, engineer, employed in the construction of the Edmonton school, address unknown.

The Injured

W. S. Pye, 10036 101st street, lies in the hospital suffering from concussion of the brain and other serious body injuries, and is not expected to live.

William J. Williams, address unknown, is a patient in the hospital suffering from several fractured ribs and possibly internal injuries.

Bob Hays, 11222 103rd street, plumber, received a cut above the eye and a deep gash on the back of the head, giving him concussion.

Connors' road, where the accident took place, leads up under the ski slide and forms a junction with the Strathcona road about two-thirds of a mile from the bridge at Mill creek. The exact location of the accident is a hundred yards from the junction. At almost the same point, last fall, Herbert Wallster, a Bulletin auto delivery man, was instantly killed when his car went through the rail and fell to the ravine below.

The car had turned off the Strathcona road and was proceeding up Connors' road. From observations taken at the scene of the accident it would appear as though the driver, Bob Hays, had taken the left side of the road. There is a side of the road which is apparently the left wheel of the car. On reaching the bridge the car had turned to the right, it is inches from the side of the rail, having first hit the rail at the approach to the bridge, and then taking a few splinters with it.

He was driving the side of the bridge, the car veered across the bridge at an angle of about 25 degrees to the right, hit the side of the right or south railing and fell to the ground, turning over 20 feet, overturning in the process, and causing the occupants of the car to be thrown out. The evidences about to indicate that brakes had been applied.

Albert Mathews, who lives on Connors' Road, is the only one witness of the tragedy who has been interviewed by the police from the residence of Mrs. Clegg.

Alfred John, 87 and 2 Connors, was the first man on the job to hear of the accident. He was in his car. Foster and Pattersons ambulance and Dr. Foster, who was en route to the hospital, while Mr. Foster in the meantime phoned for Hovis' and sent word to the hospital to care of the others. On arrival at the hospital he found the car had passed away on the road.

The police notified Corner Kingler who attended the scene.

Shortly after the accident the car caught fire and was apparently from fire. It had been called to deal with it.

CHEQUES LOST IN SASKATOON TOTAL \$14,000

Vanished from Elbow of Paymaster on Street Car on Saturday Night

SASKATOON, Oct. 21.—Two hundred and fifty city of Saskatoon paychecks, totaling \$14,000, vanished from the paymaster's safe last night, according to Master L. J. Walsh, on a street car here Saturday night at 11 o'clock. It is not positively known whether the money was taken from the safe and taken a few splinters with it.

The car struck the side of the bridge, the car veered across the bridge at an angle of about 25 degrees to the right, hit the side of the right or south railing and fell to the ground, turning over 20 feet, overturning in the process, and causing the occupants of the car to be thrown out. The evidences about to indicate that brakes had been applied.

One Eye Witness

Albert Mathews, who lives on Connors' Road, is the only one witness of the tragedy who has been interviewed by the police from the residence of Mrs. Clegg.

Alfred John, 87 and 2 Connors, was the first man on the job to hear of the accident. He was in his car. Foster and Pattersons ambulance and Dr. Foster, who was en route to the hospital, while Mr. Foster in the meantime phoned for Hovis' and sent word to the hospital to care of the others. On arrival at the hospital he found the car had passed away on the road.

The police notified Corner Kingler who attended the scene.

Shortly after the accident the car caught fire and was apparently from fire. It had been called to deal with it.

PRINCE PLANS VISIT NOW TO SOUTH AFRICA

Has Already Travelled More Miles Than Any Other of British Royalty

LONDON, Oct. 21.—Already one of the most travelled young men in the world, the Prince of Wales has added another record to his record-breaking. As Mr. Mitchell is a man of many interests, he has bank profits by Mr. Daly's action to another record.

His influence has been made in the press to certain transfers of funds from the C. & G. P. R. to the Bank of Canada, late president of that bank, Mr. McLean, and also 1,900 shares of the stock of the Bank of Canada.

Mr. McLean's statement is as follows:

"Reference has been made in the press to certain transfers of funds from the C. & G. P. R. to the Bank of Canada, late president of that bank, Mr. McLean, and also 1,900 shares of the stock of the Bank of Canada.

Mr. McLean's statement is as follows:

"When Mr. Daly became president there stood on the bank's books in Canada 1,900 shares of McLean's

stock, and 1,900 shares of McLean's

SOCIAL SIDE OF CITY LIFE

Edited by
Miss M. H. BYRDEN
—Phone 8216

Mrs Cooper of Banff, is a guest at government house.

Hon. Ernest Lapointe, minister of national resources, and Madame Lapointe who are en route to the Yukon, were entertained by Mr. Rupert, arrived in Edmonton on Sunday morning. The visitors went directly to the residence of Mr. and Mrs. J. W. McCallum, where a reception held on Sunday afternoon in their honour. Mr. and Mrs. McCallum and the Women's Musical Club committee and the Women's Musical Club were present. The affair was held under the direction of the Women's Musical Club committee and the Women's Musical Club president of the former, and Mr. V. L. Leard, chairman of the former, assisted in the arrangements.

As well as a large number of men, many women attended and enjoyed

the pleasure of a short talk with Minister Lapointe.

Mr. Lapointe, who is a native of Quebec, has a French accent which is very pleasant to hear. He is one of the Canadian women who emphatically believe in the right of women to enter the country first. This is her first visit in western Canada and she is very pleased, as well as surprised, in many ways at what she has already seen.

Mrs. Edna Keeler, hostess at very delightful entertainments, held on Saturday afternoons in the home of members of Edmonton's women's press club, gave her guests in honor of Miss Lapointe, a luncheon. The staff of McLean's magazine, who was in town from time to time, made their way to Toronto from attending the convention of the Canadian Pressmen's press club held recently in Vancouver. Chester, over came of tea, and an excellent meal was passed very quickly, good-bye having been said, the ladies' pink roses centered in the tea-table.

Mr. E. J. Walbridge and Mrs. Jean Walbridge, have returned home from their extended vacation months in Toronto and other eastern points.

Dr. and Mrs. Edgarson Pops who have been away on a long vacation, are now occupying the residence of Mr. and Mrs. George Brown, 921 15th street, Garneau.

Mr. and Mrs. C. N. Nelson have returned to Edmonton after a visit of three weeks to different points in the United States.

Mr. and Mrs. Holt Gurney of Toronto left for Vancouver on Thursday and will remain there for a few days in Edmonton, guests at the Macdonald hotel.

The Warrens, Mr. and Mrs. L. Warren, will arrive after the Canadian national railway at 11:45 this evening, from the West Coast, via the Grey club at luncheon on Tuesday.

Miss Fannie and Miss Kate Farley who have been spending the summer in the United States, are back home today for their home in King's ton, to stay for a few days.

Mr. A. Arcand, who returned Saturday from a two weeks' visit in Hullus and other eastern points.

Mrs. Miriam Green Ellis is once more in her room with an attack of "the grippe."

NEWSBOYS' BAND
FIRST CONCERT
OF THE SEASON

The Newsboys band started their winter tour in a most impressive and auspicious manner at "Fantage theatre" last night, filling with an audience that demonstrated its approval of the band's performance.

A. Bullock conducted. As he had the boys under complete control and the Way in hand, the program was a success.

The band played "The Mikado," "Trotter's Triumph," and "The Land of Mo-

moons." The pieces were in fine form and the concert receded and kept a high standard.

Women's Musical Club Orchestra Makes Bow at Women's Musical Club

For the second program of the current season, held Saturday afternoon in the G. W. Hotel, A. Memorial Hall, the Women's Musical Club, directed by Miss M. H. Byrden, was composed of young women, mostly of the younger generation, played Moscow-style music, and was conducted in a manner that did him infinite credit. He appeared somewhat nervous at first, but soon became more relaxed and was evenable in the presence of so many ladies.

The newly formed Women's Musical Club orchestra made its debut to the public with the music of Mrs. Dr. Carmichael. Al M. Carmichael, a Moscow-style conductor, was the title "Miscellaneous." All the girls were dressed in numbers of varied description, it was nevertheless of a very high order.

Eskimos Present Sorry Spectacle

Varsity, on the Play, Should Have Beaten Them by Even Larger Score Than 8 to 7—Eskimos Show Terrible Reserve of Form

ALBERTA MEN SET NEW MARKS AT SASKATOON

Manitoba Led in Points But U of A Establishes Only New Records

SASKATOON, Sask., Oct. 21.—As was expected, Manitoba was the track and field champion of the western Universities at the fifth athletic meet held here yesterday, scoring a total of 62 points. Saskatchewan stood second with 27 and Alberta third with 21. British Columbia came in with 11.

Many records were broken during the day and the performance of the athletes was of a sterling quality, though results were favorable.

Scandinavian, however, was the best team shown in any inter-collegiate sport as exhibited by the Eskimos Saturday afternoon when they met and were defeated by the University of Alberta, 8 to 7, in the Varsity stadium. One was before they defeated Varsity 23 to 1. The Eskimos had been beaten in all scores as close as it was. Varsity outscored them 10 to 1. They ran them out, tackled them and generally made them look anything but like the Eskimos. The play of the Eskimos was a big improvement. The Eskimos had their team working more smoothly in the games. The Eskimos' play was not away with more snap and dash than the others. The best work was to an enormous extent the work of Jack McMaster, Henderson and Wainright, who were the leaders in the victory for the students. These three above the rest of the team although several others acquitted themselves well. Other successes could have been included Cecile Davis, who did not play, and Winkie.

Will Be Better

If the Eskimos play no better than they did Saturday, they will be similarly beaten in the remaining hand-to-hand contests.

The Alberta boys and girls of the Varsity team were a better looking team than they were a year ago. Saturday they were probably the best team in the country in the city within the memory to most fans. And still coach White has the team working well.

The team that has been the best team that has ever been of the Varsity has been the one that will turn out to practice regularly and will get over the hill.

The Eskimos play Calvary in Calgary next Saturday. Unfortunately sudden changes have come up and it has been decided to take a considerable time for a team to recover from such a hard game.

All Settled

On the two game series the Eskimos win on total points and enter the provincial final.

On the first dash—1, McLeod, Manitoba; 2, Bruce, Alberta; 3, Murray, Manitoba. Time 13 4-seconds.

100 Yards—1, McLeod, Manitoba; 2, Wertheim, Saskatchewan; 3, Winnipeg, Manitoba. Time 13 4-seconds.

Javelin Throw—1, W. S. Simcock, Manitoba; 2, Bruce, Alberta; 3, Russell, Saskatchewan. Time 17 4-seconds.

High Jump—1, Russell, British Columbia; 2, Harvey, Manitoba; 3, Bruce, Alberta. Height 5 feet 4 inches.

Three Miles Run—1, Wainright, Manitoba; 2, Kristiansen, Manitoba. Time 16 minutes 4-3 seconds.

880 Yard Relay Race—1, Manitoba; 2, Saskatchewan; 3, Alberta. Distance 141 feet 6 inches.

3000 Yards Walk—Harvey, Saskatchewan; 2, Bruce, Manitoba; 3, Wainright, Alberta. Height 10 feet 2 inches.

One Mile Run—1, Cormack, Alberta; 2, Kristiansen, Manitoba; 3, Bruce, Alberta. Time 10 minutes 4-3 seconds.

High Jump—1, Russell, British Columbia; 2, Harvey, Manitoba; 3, Bruce, Alberta. Height 5 feet 4 inches.

Three Miles Run—1, Wainright, Manitoba; 2, Kristiansen, Manitoba. Time 16 minutes 4-3 seconds.

880 Yard Relay Race—1, Manitoba; 2, Saskatchewan; 3, Alberta. Time 141 feet 6 inches.

SASKATOON, Oct. 20.—Manitoba was leading with a total of 22 points at the end of the first half of the inter-collegiate track and field meet held here yesterday. Saskatchewan was tied for second place with 10 points, while Alberta stood third with five points.

The Eskimos, Saskatchewan, led in the individual championship with 10 points, one more than Bright Alberta.

Two records were cracked in the men's British Columbia relay race. The distance of 11 feet, 11 inches, eight yards, 4 inches, was set by the McLeod, Manitoba, and Nicholson, Saskatchewan, teams.

Half mile run—1, Cormack, Alberta; 2, Kristiansen, Manitoba; 3, Bruce, Alberta. Time 2104 2-5, and four-fifths seconds.

Following is the summary of meets:

Short put—Bright, Alberta; 2, McLean, Manitoba; 3, Russell, British Columbia; 4, McLeod, Manitoba, and Nicholson, Saskatchewan.

Half mile run—1, Cormack, Alberta; 2, Kristiansen, Manitoba; 3, Bruce, Alberta. Time 2104 2-5, and four-fifths seconds.

Followings is the summary of meets:

Short put—Bright, Alberta; 2, McLean, Manitoba; 3, Russell, British Columbia; 4, McLeod, Manitoba, and Nicholson, Saskatchewan.

Half mile run—1, Cormack, Alberta; 2, Kristiansen, Manitoba; 3, Bruce, Alberta. Time 2104 2-5, and four-fifths seconds.

MONDAY, OCTOBER 22, 1923

DAMPENED ARDOR

Anyway, the Oklahoma floods seem to have checked the political conflagration that was sweeping the state. Nothing has been heard of Governor Walton's feud with his rebellious Legislature since the deluge came.

WHY NOT TELL THEM TO EAT?

The Sinn Fein Convention is alarmed because 455 "republican" prisoners in the Mount Joy jail are on a hunger strike. The Sinn Fein ought to have influence with its incarcerated friends, to the extent of getting them to consent to refrain from starving themselves to death when there is no need for it and nothing to be gained by it. The Cosgrave Government seems to be inclined to let them do as they please about it.

BERLIN'S TURN TO WORRY

In Saxony the communists are in revolt against the authority of the Stremmen Government. The situation is made more tense because radicals hold portfolios in the local administration and are thus able to set the seal in defiance of the Federal powers. It is getting clear that Germany needs a settlement of the reparations question, and all the related economic problems, quite as much as the Allies do, perhaps more. Hitherto France and Britain have had to do the worrying while Germany kept going by discounting the national credit. The situation is now reversed. It is up to Berlin to set the national affairs in order and restore the opportunity for industry, or to face the horrors and uncertainties of internal war.

NO NEED TO EXAGGERATE

A Scottish visitor thinks it is best to persist in trying to get immigrants from his country. The inference is not at all pleasant, but the statement in itself is sound sense. If Canadian immigration agents in Scotland have been "drawing the long bow" they chose a poor country in which to perform. The Scotchman is proverbially canny, and is more likely to come to Canada if he is told that he can get a job here than if he is told he can make a fortune without trying. That is why Scottish settlers are a kind worth getting. They expect to work and want to work, and that is the only type of immigrant Canada can afford to invite.

WOULD PUT ON BRAKES

Comptroller Mitchell thinks it is time to stop issuing short term city debentures, and to spread our indebtedness over a long term with easier annual payments. That will appeal to the taxpayer, provision being made of course for taking care of the instalments which have to be turned into the sinking fund each year to mature the bonds when they fall due. Not least among the advantages would be that a city council would have to live within its income, and could not spend beyond its revenue and hand a deficit for succeeding councils to worry over, by issuing short term securities. Experience has demonstrated the need of setting a limit in some such way to the freedom of council to spend when it cannot pay. If to apply the principle would mean that economy would have to be exercised more rigidly than has yet been done, that necessity may as well be faced now as later on, and it will have to be faced sooner or later. The taxayers are supplying all the revenue they are able to supply, and the city may as well get down to business and cut its garments according to the cloth that is available.

SOME INFORMATION IN ORDER

The wheat pool is to start to function on Monday of next week. The official announcement conveying this information is definite on that point, but silent on all others. Nothing is said as to the detailed plan of operations that has been worked out during the weeks of negotiating on the part of the pool management, the owners of elevators, and the banks. On the date named the wheat then in possession of the contract-signer becomes the property of the Alberta Co-operative Wheat Producers Limited, and subject to delivery as per order of the executive. Whether the grower can deliver when and wherever convenient, what he will be paid when he delivers, and when he may look for a further instalment on the price, are points not covered by the statement, and which may be elucidated in a future announcement.

The reporters have done what they could to make up for the brevity of the proclamation. The information with which they supplement it must of course be taken as non-official and perhaps not altogether accurate. According to this report, dated from Calgary, the grower will deliver his wheat to the nearest elevator at any time, and will receive an initial payment not less than fifty cents per bushel. That of course implies that a bargain has been made with elevator owners in all parts of the province to handle the pooled wheat on a commission basis. Also that the difficulty of giving the banks the security they required for advancing funds has been bridged. In that connection it is indicated that the Provincial Government may guarantee the banks against loss, contrary to Mr. Sapiro's declaration that the pool should keep clear of obligations to the Government and of interference from that quarter.

These representations may be in accord with the facts or they may not be. A further statement from the management of the pool covering the points in question is in order, is important, and is urgent. The farmer who has signed away the ownership of his wheat without security of any kind is entitled to know in detail what arrangements have been made for handling it, what he is to get as down payment, what the expenses of marketing are likely to be, and how much he may expect as deferred payment, and when. Nor less are the tax-payers of the province entitled to know whether the Provincial Government has pledged their credit to make good any losses which may occur in the operations, to what extent, and upon what terms. Under normal conditions it would be assumed that this information would be promulgated without delay; in fact it was due to be given out when the announcement was made that the pool was ready to begin business. It may be the purpose to include it in a further statement, which may be published by the time this article is printed. But in the matter of publicity the management of the pool has in the past pursued the course that it had to be expected. It has done business behind closed doors from start to finish, and has consistently refused to divulge the nature of the transactions considered or made. It cannot be assumed with confidence therefore that further information will be forthcoming unless a demand for it is made—through the press or by organized efforts on the part of contract-signers. As the pool takes possession of the signers' wheat on Monday next time is short, and if the growers in remote parts of the province are to be given a fair chance to know on what terms and conditions they should hand over their wheat the management should be heard from immediately.

Current Comment

EDMONTON'S ELEVATION

Calgary Herald. For the government to erect a bridge across the North Saskatchewan River would be a good thing. The westward movement of grain has been hampered. Within a very few years it will be an enormous traffic and Alberta will gain benefit from it in many ways. This province ought to be ready to take advantage of the new facility.

This movement gets larger every year. The Canadian National railway will carry a vast quantity of wheat to Vancouver. The government's decision to erect an elevator at Edmonton is to the energy of the Edmonton people. The whole representation on this subject the government accepted.

PATRONALISM FOR THE FARMER

Financial Post. The farmers of the United States have had a taste of paternalism in the Roosevelt tariff. One aim of the new law is to keep out foreign wheat.

United States millers in the face of the tariff entered the Canadian market and bought Canadian wheat to mix with the better product of their own country. And so the American farmers got a taste of paternalism.

The Canadian Farmers' Protection League, which states exporters had entered the Canadian market to fill their orders: shipping direct instead of buying in Chicago as in the days before the tariff barrier.

And so the United States farmers are getting a taste for more paternalism. They are now demanding a higher duty on wheat. Cold water has been thrown on this however, by the tariff committee who explained that if it were imposed, the cost of producing wheat in the United States and abroad was undertaken. It might be found that a reduction of the tariff was justified. Now the political turn of events has turned the whole thing upside down in the taxen of the farmers. They have gone to President Coolidge for this. They also want wage advances halted and would like the idea of crop insurance. The farmers of the United States are being used as avarice, self-sacrifice.

They have gone to President Coolidge for this. They also want wage advances halted and would like the idea of crop insurance. The farmers of the United States are being used as avarice, self-sacrifice.

THE COLD SHOULDER

Uncommon Sense

By John Blaikie

THE ANTIDOTE FOR GLOOMYNESS

There is probably a perfect antidote for gloominess.

Ninety nine per cent of our trouble is caused by ignorance.

Wa' disease, hard times, predestination, ignorances,

neuroticism, etc., the raw

bright grain, and the hell weevil

destroys cotton crops. Farmers are

still ignorant of the means of

prejudice breeds international

hatred, internationalism breeds

politics. Following was come financial

depression and pestilence.

What is the present cause of

present trouble? But for ignorance there

would no war, ignorance with

schools and colleges, etc.

But all that is stored in the growing

mind by school and college, ca-

re, etc., etc.

Unless the mind is kept in condi-

tion—when it is not—it learns little.

Today the best antidote for ignorance

is education.
